

## Amendment to the Chairman's Mark

Offered by Representatives Schakowsky, Yarmuth, Lee, Lujan Grisham, Moulton, Higgins, DelBene, Wasserman Schultz, Boyle, Khanna, Jayapal, and Jackson Lee

### Reject Trumpcare

1. Increase budget authority and outlays for Function 550 (Health) by the following amounts in billions of dollars to reject the Republican plan to repeal and replace the Affordable Care Act.

	2019	2020	2021	2022	2023	2024	2025	2026	2027	2028
BA	5	28	21	86	142	164	187	206	223	238
Outlays	5	28	21	86	142	164	187	206	223	238

2. Adjust the aggregate levels of revenue by amounts equal to the foregoing outlay changes in paragraph 1 by partially reversing the Republican tax giveaways for the wealthy and corporations enacted in P.L. 115-97, which may include raising the corporate tax rate, restoring the top individual income tax rate up to the pre-P.L. 115-97 level, or restoring the estate and gift tax exemption levels to 2017 law, which would still exempt estates and gifts below \$5.5 million for single individuals and twice that amount for couples.
3. Make all necessary and conforming changes to the Chairman's mark.
4. Amend the committee report to reflect the following policy assumptions:

The resolution assumes continuation of the Affordable Care Act to ensure millions of Americans continue to have access to health care. The resolution rejects any policy that would reduce federal subsidies to purchase health insurance, allow insurers to charge older Americans up to five times more than what they charge younger people, weaken key protections for people with pre-existing conditions, or cap federal Medicaid funding over ten years. The Congressional Budget Office in 2017 estimated the House-passed American Health Care Act, which includes such policies, would reduce the number of people with insurance by 23 million by 2026 and increase premiums drastically for adults nearing retirement age.

The resolution accommodates this necessary level of funding by partially reversing the Republican tax giveaways for the wealthy and corporations enacted in P.L. 115-97, which may include raising the corporate tax rate, restoring the top individual income tax rate up to the pre-P.L. 115-97 level, or restoring the estate and gift tax exemption levels to 2017 law, which would still exempt estates and gifts below \$5.5 million for single individuals and twice that amount for couples.
