Provide Funding for Proven Anti-Poverty Programs

1. Increase budget authority and outlays for Function 500 (Education, Training, Employment, and Social Services) and Function 600 (Income Security) by the following amounts in billions of dollars to ensure adequate funding for proven anti-poverty programs that ensure access to basic standards of living.

Function 500

	2019	2020	2021	2022	2023	2024	2025	2026	2027	2028
BA	17.649	21.413	22.322	23.721	25.186	26.802	28.464	30.196	31.753	32.920

2. Adjust the aggregate levels of revenue by amounts equal to the foregoing outlay changes in paragraph 1 by partially reversing the Republican tax giveaways for the wealthy and corporations enacted in P.L. 115-97, which may include raising the corporate tax rate, restoring the top individual income tax rate up to the pre-P.L. 115-97 level, or restoring the estate and gift tax exemption levels to 2017 law, which would still exempt estates and gifts below \$5.5 million for single individuals and twice that amount for couples.
3. Make all necessary and conforming changes to the Chairman's mark.
4. Amend the committee report to reflect the following policy assumptions:

The resolution assumes continued investment in programs and services that ensure every American can have the most basic standards of living for themselves and their families. This includes providing strong support for individuals unable to work such as seniors, persons with severe disabilities, and children; investing in education and job training; removing barriers to economic opportunity; and investing in struggling communities. Ensuring adequate mandatory funding for these investments in American families and

workers provides all Americans an opportunity to join the middle class. Every American deserves the opportunity to grow, learn, thrive, and succeed while never losing access to basic standards of living.

The resolution accommodates this necessary level of anti-poverty funding by partially reversing the Republican tax giveaways for the wealthy and corporations enacted in P.L. 115-97, which may include raising the corporate tax rate, restoring the top individual income tax rate up to the pre-P.L. 115-97 level, or restoring the estate and gift tax exemption levels to 2017 law, which would still exempt estates and gifts below \$5.5 million for single individuals and twice that amount for couples.
